A Smarter Approach to Healthcare

Better Care. Better Value.

ConnectedCare helps employers improve outcomes and control costs by combining transparent financial strategies, proactive care management, pharmacy savings, data-driven insight, and customized plan design.

Why Employers Choose ConnectedCare

Transparent Pharmacy Strategies

Reduce drug spend through contract optimization, specialty oversight, and smarter utilization.

Level-Funded Financial Structure

Aligns incentives around actual performance and returns unused funds when eligible.

Proactive, People-Driven Care

Early outreach and personalized support improve engagement and close care gaps before they grow.

Data, Technology & Analytics

Real-time insights drive smarter decisions and measurable improvements.

Customized Plan Design

Plans built around your workforce, budget, and strategic goals.

FULLY INSURED VS. LEVEL FUNDED

FULLY INSURED

Pay fixed premiums based on projections. The carrier keeps favorable claims experience when claims are lower.

VS.

LEVEL FUNDED

Fund actual claims with stop-loss protection. Remaining claims funding may be returned after reconciliation, subject to the contract.

Level funding creates the financial opportunity.

ConnectedCare delivers the clinical strategy to make it perform.
